

## **Senior Portrait Description**

### **Summer & Fall / Formal & Casual Senior Portraits**

*\*These Portraits are used in the Yearbook and you only have a limited time to select your preferred pose - if not selected by the deadline one will be selected for you\**

Formal Portraits are the most popular type of portrait used for the yearbook. We provide all the attire need [black tuxedo with a white button down shirt and a black bow tie for the males and a black drape with (optional) white pearls for the females]. \*Both male and female have the option to choose if they want to wear the tuxedo or the drape.\* The Formal poses are usually taken from your mid chest and up.

Casual Portraits consist of several poses with multiple backgrounds and props with you in your favorite outfit. You are welcome to bring any personal props or attire for your Casual Portraits (sports balls, letterman jacket, golf clubs, fishing or hunting, dance, music, etc...). Adding your own props and attire will bring your personality out more in your portraits. This photography session may take anywhere between 20 - 45 minutes. Please plan accordingly when scheduling your appointment.

Due to specific format design and software requirements, only Senior Portraits taken by Ro-Mo Photo Studio will be eligible to be produced in the yearbook.
